

TELLS OF J. P. MORGAN'S ABSOLUTE DOMINATION

MELLEN RECITES DRAMATIC STORY BEFORE COMMISSION

Former President of New Haven
Tells of the Spending of Millions
in Ignorant Silence at the Com-
mand of all Powerful Financial
Ruler.

Washington, May 19.—The story of absolute domination by the late J. Pierpont Morgan in affairs of the New Haven railroad system—of the spending of millions in ignorant silence at the command of the all powerful financial ruler—was told to the interstate commerce commission today by Charles S. Mellen, former president of the road. It was the most extraordinary chapter yet unfolded in the inquiry into the alleged exploitation of the great New England railroad and disappearance of fortunes from its treasury through acquisition at extravagant prices of subsidiary properties.

Will Continue Wednesday.
There was not time in a single day to crowd details of all the incidents and events dealt with in the witness' testimony. He barely touched on some of the big things, paving the way for exhaustive questioning that will continue tomorrow. Members of the commission counsel and interested spectators fairly hung upon every word of Mr. Mellen today as his story developed dramatically under the examination by chief counsel Folke. Everybody listened with absorbed attention and at times evident amazement, as he related how he had stood in awe of Mr. Morgan, because of his comprehensive grasp and perfect presence of financial matters; how he had consulted with Theodore Roosevelt, then president of the United States, regarding the purchase of the Boston & Maine railroad; how he had prevented the late E. H. Harriman from acquiring the Boston and Maine by getting it himself for the New Haven; and how he had dealt with the late police inspector Thomas F. Byrnes of New York to obtain the West Chester stock by persons he assumed to be connected with Tammany Hall. As he did when on the stand last week, Mr. Mellen gave his testimony with apparent willingness, answering every question readily and concisely—that is every question except one. He did try to avoid telling about the time when Mr. Morgan humiliated him by brusquely refusing to give him information concerning the West Chester transaction to which he thought as president of the New Haven he was entitled.

When he finally related the incident, his face was drawn into hard lines and he clasped his hands over the table in front of him almost convulsively. His voice indicated no signs of emotion, however, continuing clear, distinct and resonant. Later he even gave the story a touch of humor. When directors Hemmingway and Skinner of the New Haven demanded of him why the road was expending \$11,000,000 on the West Chester purchase he said, he offered to appoint each of them a committee of one to find out; that he had "barked his shins" in a futile endeavor to obtain information from Mr. Morgan and that they could try if they desired. "They ducked," he concluded. Mr. Mellen, grimly, and a ripple of laughter ran around the room.

Particular interest was aroused by Mr. Mellen's account of his conference with the then President, Colonel Roosevelt, respecting the acquisition of the Boston & Maine. He explained that he was a great admirer of Colonel Roosevelt and frequently conferred with him about important questions. Colonel Roosevelt said to him at that conference, according to the testimony, that he was not a law and was not prepared to advise what he should do about the proposed purchase but on Mr. Mellen's statement of the situation, he thought there might be nothing objectionable in it. Mr. Mellen added that the president said he could countenance no illegal action in the matter and suggested that he confer with Commissioner Lane of the interstate commerce commission. From Mr. Lane he said he got no expression of opinion. A letter was submitted by Mr. Folke written on May 21st, 1907, by Henry W. Whitney to Mr. Mellen suggesting that he say something at an early day touching the Boston and Maine matter; that a large public is still to be reckoned with and concluding this paragraph:

"I have thought it possible the Little Father at Washington might like to get his finger into the pie, in which case, if it should happen before the public had become reconciled to the change, it might result in infinite harm to all your interests."

Mr. Folke then offered in evidence the reply to that letter made the following day in which Mr. Mellen wrote:

"It has been thought advisable by all concerned that just a little official information should get out to the newspapers regarding the Boston & Maine matter as is absolutely necessary."

This was agreed upon by Mr. Ledyard, Mr. Tuttle and myself and we are acting on this theory at the present time. The Washington situation I have, I think, completely cared for. One never knows for a certainty regarding matters there, but the ground has been carefully plowed and every chance for trouble

RECOMMENDS SHORT LINE FROM CHICAGO TO KANSAS CITY VIA PEORIA

Vice-president McKenna of C. M. &
St. P., Makes Report After Tour
of Inspection of Rock Island.

Chicago, May 19.—A new short line from Chicago to Kansas City, by way of Peoria, Illinois and Keokuk, Iowa, was recommended in the report of E. W. McKenna, vice-president of the Chicago, Milwaukee & St. Paul railroad who has just completed a tour of inspection of the Chicago, Rock Island and Pacific railroad in the interest of certain bond holders.

The "Short Line," said Mr. McKenna today, "would have a potent effect in reducing transportation expenses and would place the entire property in such a state of increased efficiency in its operation that sufficient earning power would be developed to restore the stock of the Rock Island to at least its par value."

Mr. McKenna predicted that increased local prosperity along the company line would increase the net income for the next fiscal year by \$2,000,000 and that 75 per cent of the deferred maintenance would be taken up within the next two fiscal years.

ROOSEVELT RETURNS FROM SOUTH AMERICA

BOARDS TUG AND IS TAKEN TO HOME AT OYSTER BAY

Colonel Reaffirms Verity of the
"River of Doubt." Denies Having
Expressed Himself as to Presi-
dential Probabilities for 1916 and
Declares He Will Not Run for
Governor of New York.

New York, May 19.—Theodore Roosevelt returned home today from his visit of many months to South America. He arrived from Para at Quarantine shortly before 4 o'clock on board the Booth Liner Aldian.

With a few crisp sentences, punctuated by decisive gestures, he reaffirmed the verity of the "river of doubt," curtly denied having expressed himself as to presidential probabilities for 1916, declared he would not run for governor of New York, made a few deprecatory remarks about his critics and with harbor craft tooting and flags fluttering was taken on board the tug W. F. Dazell, which proceeded to Oyster Bay.

Friends who had been alarmed by the reports of Colonel Roosevelt's severe illness were greatly surprised when they saw him. He was noticeably thinner and he used a cane as he walked about the steamer's deck but he had apparently not lost an ounce of vigor and energy which have become characteristic. After stopping ten days in this country, Mr. Roosevelt will go to Spain to the wedding of his son Kermit.

As the tugs which carried several members of the Roosevelt family including Mrs. Roosevelt, Archie and Theodore, Jr., approached the Aldian, the familiar figure of the colonel could be seen leaning far over the rail as he waved a greeting, his lips flexed into the familiar smile.

Not a few eyes were wet as the collector of port, Dudley Field Malone and a host of newspapermen scrambled up the companion way. The colonel stood at the top and shook each man by the hand. Anthony Fiala who went part way with Mr. Roosevelt in his explorations, was the first man to greet the colonel after Mr. Malone.

Mr. Roosevelt anticipated most of the things people were anxious to know as he submitted to a fusillade of questions before going on board the tug that took him home.

"Not a word about the political situation," said Colonel Roosevelt. "I don't know anything about it. I haven't seen a newspaper. Any papers which have given my views on the Mexican situation have misquoted."

"That applies to what has been said about my presidential intentions," he said.

He was informed by newspapermen that he was reported to have said that he would not run as candidate on the Republican ticket and that if he became a candidate, it would be on the Progressive ticket.

"Not a word of truth in this," said the colonel. "I have not made a single declaration about the political situation in 1916."

As to the river, it is extraordinary to have put on the map a river as long as the Rhine, but there is no more doubt of its existence than there is of the Rhine.

Mr. Roosevelt was asked how he felt.

"I don't look like a sick man, do I?" was his rejoinder. "I have been very sick with jungle fever, but I'm all right now. I feel fine."

It was learned however, that the colonel still suffered from slight symptoms of fever. He had had a chill earlier in the day. Mr. Roosevelt confessed he had lost fifty-five pounds, part of which he had regained. He had also been troubled by the bites of poisonous insects.

The colonel said he would make only one address before sailing for Spain.

"I will give this," said Mr. Roosevelt, "before the national geographic society. At that time I will answer any question that any reputable person wishes to ask me about my trip. More than this I do not care to say now."

As Mr. Roosevelt talked his Piness did not show either in his face or his manner. His dominant feeling seemed to be one of tremendous gladness at getting home and it was plain that for a while at least, rivers, political situations and all else lay in the shadow for him. Half an hour after the Aldian entered Quarantine the colonel stepped into the tug that took him to Oyster Bay.

Garner, Iowa, May 19.—After seven years hiding in Texas, John Standing, former cashier of the First State Bank of Corwith, Iowa, walked into the court room at Garner today and pleaded guilty to fifteen indictments of forgery and threw himself upon the mercy of the court and was given a fifteen year sentence in the penitentiary. It was charged that Standing's speculations totalled \$75,000.

Rockefeller has doubled the guards about his Pocantico Hills estate and installed a new system of electric alarm over his bed as a result of the demonstrations of the Industrial Workers of the World. BELIEVE WIDE-SPREAD PLOT TO UNSEAT HUERTA IS UNDER WAY

Greatest Fear in Capital is That
Plot May Not Be Carried Through
Before Zapata Forces Enter Mexi-
co City.

Vera Cruz, May 19.—That there is a wide-spread plot embracing officers in the Mexican army as well as politicians to unseat Huerta at an early date is generally believed. The greatest fear in the capital say refugees from there, is not that the plot will be carried through but that this may not occur before the Zapata forces enter the city and precipitate most serious trouble.

At Mexico City the capture of Tampico by constitutionalists has been admitted by the government, but officials declare it was accomplished with the assistance of American marines.

Skousen's Fate Still Unknown.

Juarez, Mex., May 19.—The fate of James Skousen, an American rancher at Colonia, Juarez, who was captured Sunday by bandits supposed to belong to Rodrigo Quevedo's band, still is unknown. Skousen was carried into the mountains by the bandits. No demand has been made for ransom. It is feared he may have been executed by the robbers in accordance with Quevedo's threat to take American lives in revenge for those of his men killed by constitutionalist soldiers.

Explain Non-Arrival of Silliman.

Mexico City, May 19.—The department of foreign affairs today informed the Brazilian minister that the interruption of the railroad communication between Saltillo and San Luis Potosi was the probable reason for the non-arrival of John R. Silliman, the American consul at the capital.

Despatches from Guadalajara report the arrival there today of trains with hundreds of refugees. The town is being fortified to resist a threatened attack by the constitutionalists.

Gen. Acevedo who was appointed postmaster of the capital six months ago by the minister of the interior, Senor Lozano, also resigned from the cabinet today.

HOUSE GOLFEERS DEFEAT SENATORS.

Washington, May 19.—Ten senators, noted for their prowess at golf, suffered today an inglorious and overwhelming defeat on the course of the Columbia country club at the hands of a team from the house. Not a senator won his match. Senator Hitchcock of Nebraska, who played with Representative Treadway of Massachusetts, was the only man who came home with honors and he had to be content with a tie.

The losers were hosts tonight at a dinner to the victors at the Columbia club.

GEN. VILLA DEFEATS FEDERALS AT PAREDON

MESSAGE STATES HUERTA TROOPS SUFFER SEVERE LOSSES

Elimination of Huerta, It is Thought
Will Be the First Suggestion of the
Mediators at Conference Which
Begins Today—Envoys and Ameri-
can Delegates Are in Niagara
Falls.

El Paso, Texas, May 19.—General Francisco Villa has defeated a federal force of 5,000 men at Paredon, before Saltillo, according to a message received here late today.

According to the message the federals suffered a severe loss in killed and wounded, two federal generals being among the slain.

The message stated General Villa had captured 800 prisoners, several machine guns, 6,000 rounds of ammunition and a large quantity of military supplies.

Desperate fighting, undoubtedly is now in progress before the federal stronghold but the wires direct from the front, silent, it is believed, under the stern order of General Villa, have brought few details of the battle.

Whether Villa has crashed his way through the outer defenses of Saltillo and now is knocking on the gates of the city itself, or whether a desperate fight is in progress was eagerly discussed here today by constitutionalist officials, foreign refugees and federal sympathizers.

Another despatch from the front said the constitutionalist troops under General Alberto Carrera Torres have gained a position in the outskirts of San Luis Potosi and have dealt the federal garrison a severe blow.

Neither the time nor date of the engagement at Paredon was specified in the despatch which was sent from Durango early this afternoon and which reached here four hours later.

General Carranza and his staff, among whom was Senor Fabela, returned to Durango late last night from Sombretete, Zacatecas. It is regarded here as possible that the news contained in the despatch may have been sent in a wire from the front some days ago.

Mexican To Arrive Today.

Niagara Falls, May 19.—That the elimination of Huerta will be the first suggestion of the mediators at the opening of the conference tomorrow for the settlement of the difficulties between Mexico and the United States, was the general view here on the eve of the proceedings to begin. Three o'clock tomorrow afternoon is the hour set for the formal opening of the first session. With the arrival here late tonight from Washington of the third mediator, Eduardo Suarez, the Chilean minister, and the two American delegates, Justice Joseph R. Lamar and Frederick W. Lehmann, the personnel of the conference awaited for its completion the three Mexican delegates, Rabasa, Rodriguez and Elguero. They are due to arrive from New York tomorrow morning.

Ambassador daGama of Brazil and Minister Naon of Argentina who have been here since yesterday were busy today completing many of the details of preparations. They devoted themselves especially to the formulation of tentative rules of procedure for the conference. The broad international scope of the proceedings and the importance that is attached to them by the other countries of South and Central America was evidenced by the arrival of Dr. Gonzalo Scordova, minister from Ecuador to the United States. He declared that he had come on instructions from his government. He intends to inform his government by cable of all important developments during the conference. It is understood that Dr. Alberto Membruno, minister from Honduras is coming and that other Latin-American diplomats or their representatives also will be on the scene to keep in close personal touch with the mediation work.

Dr. Cordova's announcement was accepted here as an indication of similar interest on the part of the other Pan-American countries. The arrival of the Ecuadorian minister was the subject of much comment as to the effect the mediation proceedings would have on the future relations between the United States and the other republics of the western hemisphere. It was pointed out that the success of the mediation could have no other effect than to strengthen the ties between the United States and the other Pan-American nations.

To Be Devoted To Formalities.

Tomorrow will be devoted mainly to the formalities. Welcome to Canadian soil will be extended to the distinguished foreign visitors by Representatives of the Dominion government. Afterwards there will be a gathering of the mediators and of the delegates from both sides for formal introductions, for the presentation of such credentials as they may bear from their governments and for the adoption of rules.

Regularly the mediators will meet with the delegates from the two countries separately, joint conferences being held only at such times as a protocol which the mediators believe both sides are ready to assent to, is to be taken up for final consideration and agreement. While the mediators have not yet announced the details of the plans, it is understood, that they will probably sit about five or six hours each day, two or three in the morning and a similar length of time in the afternoon.

APPREHENSION FOR ISOLATED POINTS IS CAUSED BY FOREST FIRES

Emergency Fighters Subdue Flames
Which Threaten Eagle River,
Mich.—Countless Fires Burning.

St. Paul, Minn., May 19.—The forests and brush fires that for three days have swept sections of Michigan, Wisconsin and Minnesota causing heavy property damage and in several villages and towns endangering lives, caused much apprehension tonight for isolated sections of the Upper Michigan peninsula.

Most of the fires however, are reported under control.

Eagle River, Michigan, was threatened with destruction but emergency fire fighters subdued the flames tonight. Countless fires are burning tonight along the eastern shore of Keweenaw peninsula. A dense smoke hangs over Lake Superior.

Several farm houses were destroyed in the section south of Houghton, the residents being forced to flee for their lives. The fires in the vicinity of Hayward, Wis., which endangered numerous farm homes today, were believed to be under control. At Maple Ridge, Wis., a school house was destroyed and two bridges on the south shore railway burned.

HOUSE SETTLES DOWN TO DISPOSE OF TRUST LEGISLATION PROGRAM

Special Rule is Adopted Providing
For Immediate Consideration of
Three Measures.

Washington, May 19.—The house settled down late today to dispose of the administration trust legislation program within the next three weeks.

A special rule was adopted providing for immediate consideration of the bill to create a trade commission, the omnibus anti-trust measure and the bill for federal control of railroad security issues and limiting general debate on all three to thirty two hours.

Night sessions will be the order until the bills have been passed, the first being held tonight. Debate on the first measure on the program, the trade commission bill, was opened by its sponsor, Representative Covington of Maryland, who predicted a vote before Thursday night.

Evidence that administration leaders in the senate do not propose to permit action on the repeal bill to be long delayed was given tonight when Democratic Leader Kern announced that he would ask the senate tomorrow to give unanimous consent for a vote on the bill and the pending amendments on May 27th.

Judge Smith McPherson instructed the grand jurors as to the intent of the Sherman anti-trust law and soon the first of the 100 witnesses to be heard was placed on the stand. The names of witnesses examined were refused but it was said that they came from Iowa.

MRS. FISKE'S CAREER.

The dramatic history of America has known no other career so artistically varied as that of Mrs. Fiske. Nearly all the great names of the stage have been identified with some particular character or special line of endeavor—Booth with Hamlet, Jefferson with Rip Van Winkle, Neilson with Juliet—but Mrs. Fiske has touched almost every phase of stage portraiture and she has touched nothing that she has not adorned. In her early youth she became famous as a child actress and while still in her teens she gave a forecast of the future by setting a standard in play material, as well as in delineation, far in advance of the ordinary offerings of the times. "In Spite of All," "Caprice," and "Featherbrain" would suffer greatly in comparison with plays of the moment, but not more than did their contemporaries in comparison with them. There has been a tremendous advance in play writing methods, an advance that has practically amounted to a revolution, and Mrs. Fiske has been of inestimable service in that advance.

The searching soul analysis that she has bestowed on the Ibsen heroines has had as its antithesis the brilliancy of her "Cynthia Karslake," or the mirth-compelling abandon of her "Mrs. Bumpstead-Leigh." Again, what could be more widely separated than her "Tess" and her "Becky Sharp?" Truly she has shown a versatility of which we have not, and doubtless will not see the like.

No other actress of our day has possessed her power of, so to speak, thought transference between player and audience. In the preparation of her dramatically variegated plays, this gift of making others see things as she sees them herself, has been one of the utmost value and to it is due largely the practically flawless acting which has come to be expected from a Mrs. Fiske supporting company.

Taken all in all, the history of this brilliant woman's achievements forms the lone star of our drama; her work is a joy to the public, a source of eminent satisfaction to the critic, an inspiration to the playwright, and a glorious example to her co-laborers in the stage vineyard.

SOCIAL EVENTS.

The members of the Woman's Country Club of Orleans held a very profitable "German" meeting Tuesday at the home of Mrs. William Cleary, northeast of the city. Mrs. W. T. Scott read a paper on "The Franco-German War." Mrs. Lloyd Magill presented a brief historical review of the united empire in "The Three German Emperors." "Die Wacht am Rhein", the national anthem, was sung in English and in German and for the roll call German anecdotes and stories were employed. Among the visitors were Mrs. Crum of Ashland, Mrs. Theodore Lukeman and daughter, Mrs. Crum of Pisgah; Mrs. Jacob Strawn of Strawn's crossing and Mrs. William Luken, Mrs. Irvin Stevenson, Mrs. A. C. Rice and Miss Florence Rice of Jacksonville. New pins were adopted at this meeting, a shield-shaped design of blue and gold with the initials W. C. C. engraved in gold.

The Freshmen of the Woman's college were entertained by the Junior class Monday morning at a 7 o'clock camp fire breakfast by Morgan lake. The Freshmen have been of aid to their older school-mates on several occasions in the course of the year and the Juniors took this method of showing appreciation. There were seventy-five or more in the company and the social hour, following the repast, was indeed a merry one with singing, and the taking of pictures as mementos of the morning. The chaperones were Miss Mary Anderson, the Junior class officer and Miss Rose Dudley, officer of the Freshman class.

Mrs. Harry Martin entertained a company at 6 o'clock dinner at her home in Litterberry Tuesday evening. The home was prettily decorated in a color scheme of yellow and white, yellow roses being used and on place cards were hand painted yellow roses. An elaborate supper was served and the evening was pleasantly spent with games and contests. The guest list included: Mr. and Mrs. G. A. Dunlap and son William, Mr. and Mrs. Earl Rexroat, Mr. and Mrs. Edward Litter, Mr. and Mrs. Talmadge Crum, Mr. and Mrs. Willard Young, Mr. and Mrs. Edward Shibe and daughter Alice, Mr. and Mrs. Earl Underbrink, Miss Edith Hitchens, Miss Annabel Crum, Miss Lora Petefish, Miss Georgia Litter, Miss May Martin, Miss Evaline Petefish, Orville Crum, Orville Petefish, James McGinnis, Clyde Martin and Floyd Martin.

MRS. NEWCOMB GAVE MAY MUSICAL.

Ir'napolis News:
Mrs. John Ray Newcomb opened her home in Washington boulevard this afternoon for a musical, to which a number of friends were invited to hear a program by Mrs. Farajane Mathews Brown, of Jacksonville, Ill., with Mrs. G. B. Jackson, violinist, and Miss Una Clayton, accompanist. Mrs. Brown studied in this country and later went to Paris, France, where she was with the famous Jean DeReszke for the completion of her training. Mrs. Brown has a beautiful high soprano voice, beautifully placed and she sings with much grace and charm. Her program included the "Sayonara," by Hahn; "Le Coeur de ma mie," by Delroza; "Heure exquise," by Hahn; "Ave Maria," by Max Bruch; "Magdalene at Michael's Gate," by Liza Lehman, and "Sunlight," by Ware. Mrs. Brown is very attractive, and this afternoon she wore a white lace gown combined with old rose and gold. Miss Clayton played a finished and delightful accompaniment. Mrs. Jackson, who is a favorite, gave her violin numbers with her usual charm. Mrs. Newcomb's special guests for the afternoon were her mother, Mrs. S. David Masters, and Mrs. Brown's mother, Mrs. James R. Mathews, and her sister, Mrs. Arthur M. Masters, of Jacksonville, Ill. Mrs. Newcomb's home was attractive with bridal wreath, with a large cluster of gladioluses for the piano. On the porch were wall pockets of bridal wreath and a large basket covered with the same snowy flowers held the punchbowl. Mrs. Newcomb's guests will be with her for about a week.

WILL SEND TEAM TO PEORIA MEET

ILLINOIS MEN PRACTICING HARD FOR BIG TOURNAMENT.

Athletic Meet Will Be Held on Bradley Field Saturday Afternoon, with Fifteen Colleges Entered—Fourth Place Will Be Counted in Contest This Year.

Coach Harmon of Illinois college is putting the finishing touches on his athletes, preparatory to the Illinois Inter-Collegiate state meet which will be held Saturday of this week in Peoria. The following schools will be represented, Augustana, Bradley, Carthage, Eastern Normal, Hedding, Illinois College, Lincoln, Lombard, Normal, Millikin, Shurtleff, Wesleyan, Williams and Vashit, Eureka and McKendrick.

Picking a winner in a meet where fifteen schools will be represented is a difficult thing. While the strength of some of the schools is known, there is a vast number of students, who will compete, perhaps many of them undiscovered stars until the race or event is over. There are 154 points to be divided up among the various schools. The highest number of points to win the meet yet is 31 1-2. Last year 21 points won. From dope it looks as if the school that can roll up thirty points ought to annex the honors.

In the recent meet with Millikan university, Illinois college men had a chance to see what they could do. Coach Harmon expects to send the entire team that competed against Millikan here, with the exception perhaps of a pole vaulter, Illinois having no man in this event with experience.

Wilson will run the 440 and half mile; Frisbie the high and low hurdles; Urbaine, the discus; Morrison and Davis, the high jump; Sooy the mile; Young the mile and broad jump; Alford, Stewart, Wilson and Young the relay.

The tennis tournament will be held Friday commencing at 2 o'clock and continuing until Saturday noon. The first events will be the single and doubles for the students. The faculty single and doubles will be played Saturday morning. Illinois will be represented in the tennis events.

The track meet starts at 1 o'clock on Bradley Field. The Chamber of Commerce of Peoria is back of the meet as they were last year and everything gives promise of one of the most successful tournaments ever held in the history of the association.

In the meet this year fourth place will count, the points being first place, 5; second place, 3; third place, 2; fourth place, 1. Harry Gill, trick coach of the University of Illinois will be the starter and referee.

HESSIAN FLY WORKING IN ONE OF E. W. BROWN'S FIELDS

Only One Forty Acre Tract Seems to Be Infested—Investigation Indicates Fly is Appearing in Scattered Localities.

Edward W. Brown, who has 180 acres of wheat on his farms in the vicinity of New Berlin has discovered that the Hessian fly is working vigorously in one forty acre tract. In his other fields however Mr. Brown has not found many signs of the flies.

In other fields in the same locality an investigation has failed to disclose evidences of the pest. This had led Mr. Brown to the belief that the Hessian fly trouble this year is in spots and that the country hereabouts is not generally infested with them.

While the forty acre tract mentioned is in bad condition Mr. Brown will not have it plowed up, especially since the young clover seems to be doing well.

The Hessian fly is very common throughout wheat growing sections and some seasons its damage to this crop amounts to millions of dollars. Its depredations are confined to this crop. Two broods a season appear, one in April or May, and another in September. The adult is a small dark colored insect and in the young stage it is an orange-colored maggot without feet. The eggs hatch in four or five days and the larvae work their way down between the stalk and sheath of the leaf of wheat. At a joint they fasten themselves to the stalks and feed on its juices. The joint enlarges and the stalk turns yellow and in many cases falls down. The filling of the head of wheat is partly or wholly prevented. The remedies must be preventive, sowing the wheat late in the fall misses the September egg-laying of the fly, but the late sown crop may not do so well. Burning the stubble is a preventative, but that destroys organic matter that is needed in the soil. The richer the land and more vigorous the wheat plants the less will the fly injury be felt.

WITH THE SICK.

G. S. Russel was somewhat easier and stronger yesterday and had revived considerably.

Charles Francis Gebert is about again after an illness at his home on East College street.

Mrs. Nellie C. Parks was brought home ill from Springfield Tuesday where she was visiting friends. Dr. Weltman was called and she was thought Wednesday afternoon to be out of any danger. Her mother, Mrs. Charles Moore, was expected to arrive in the evening from Pittsfield.

D. Rees Browning's many friends were gratified yesterday that the reports from his sick room at Dr. Day's hospital indicated that his condition is satisfactory. Mr. Browning underwent an operation Monday.

Mrs. Benjamin Kress of Hamilton, Mont., who underwent an operation at Dr. Day's hospital is convalescing and expects to return home in a week or ten days. Some nine years ago Mrs. Kress came to Dr. Day and underwent an operation for tumor. Mrs. Kress bought round trip tickets on both trips which speaks of her faith in getting well and faith in her physician.

J. D. Hale of Bath visited his wife yesterday who is a patient at Passavant hospital.

Paul Doolin had the misfortune to break his left shoulder while riding a horse Tuesday morning at his home near Ashland. The animal became frightened and threw the boy to the ground. He was brought to Dr. Day's hospital where he was given medical attention.

SPRING TOURNAMENT HELD BY GUN CLUB

FIRST DAY'S PROGRAM CONCLUDED YESTERDAY.

Large Delegation in Attendance at the Central Illinois Trap Shooters League—Big Team Race Will Be Shot Off Today—Special Trophies Offered for Best Marksmen.

The annual spring tournament of the Nichols Park Gun Club, under the auspices of the Central Illinois Trap Shooters League, opened yesterday with a good attendance. There was a large delegation of gunners from out of the city and many from the surrounding community in the first day's shoot and to most of the marksmen, it was a warming up time. The membership of the league includes Springfield, Decatur, Bloomington, Lincoln, Mt. Pulaski and Jacksonville.

Each town holds a shoot annually. Any one can enter for the regular, which is 150 bird event, but the league shoot or the team shoot from each of these towns can enter as many as they wish and the five making the best score constitutes the team. The five high teams at the end of the season get a silver cup apiece. The high amateur gun for the season is given by the Western Cartridge Company.

Yesterday Arthur Killam was high for the professionals with 141 out of 150. For the amateurs, J. A. Groves was high with 143 out of 150. The double bird event of ten pairs proved an interesting part of the program.

Program for Today. The following will be the program for today: 150 targets, entrance \$8.00; 10-15 bird events. Five straight a point, 15 straight 10 points, 1-2 cent per target. \$5.00 high gun.

Team race, 25 targets per man; 25 bird handicap, 16-23 yards. Entrance \$2.00. Three straight a point, 10 straight 5 points, 25 straight 10 points.

The Interstate Association donates six gold watch fobs, which will be given to the six highest places for the two days regular program of 300 targets.

The rules governing the league, are as follows: All targets to be thrown fifty yards, nine to twelve feet high, ten yards from trap.

All amateurs whose 1913 official record average shows 94 per cent or over, shoot from the twenty yard mark in all events.

The six trophies given by the Interstate Association will be awarded to the six high averages for the day's program.

The "Western" trophy is a beautiful loving cup. At the end of the season the individual having the highest composite score (made by counting his four best scores in team events) becomes the absolute owner of this trophy. In case of no individual competing four or more times in team events this season, this trophy to remain the property of the league and will be placed in competition the following year under the original conditions.

Bart Lewis was second with 82 and George Robbins was third with 81. Several others made a commendable showing. J. B. Corrington who only broke 75 per cent in his shooting in the afternoon, raised his record to 80 per cent at night. Over 3,000 birds painted white were used by the gunners.

Since it is a necessity, most desirable, and will last a lifetime, isn't it thoughtless not to get it NOW instead of later?

A "Standard" Modern Bathroom should be considered in exactly that way. You will not question that a sanitary bathroom is a necessity, so considered by all who have regard for cleanliness and refinement. The fixtures are guaranteed for a definite number of years and there is no reason for thinking that they will not last a great while longer; is it not then a matter of economy to get the equipment at once.

An estimate on such equipment, correctly installed with first class workmanship, will be given upon request.

THE CAR THAT STAYS NEW

Lesser-built cars may look as well, may run as well when new. But when others grow noisy, Reo the Fifth will stay silent. It will save you hundreds of dollars in the years to come in troubles, repairs and upkeep.

OTHER TESTS

All steel is made to formula and each lot is analyzed twice. Gears are tested for 75,000 pounds per tooth. Springs are tested for 100,000 vibrations. Engines get five long and radical tests, and the tested engines are taken apart and inspected.

OUR EXTRA CARE.

Reo the Fifth, built by R. E. Olds, is based on 27 years of experience. It marks our final conception of what a car should be.

It is built for the future—for what legions of users will say of us after five years.

We spend six weeks in building each car. And we add one-fourth to what the car would cost if built by other standards.

Each driving part is made one-half stronger than necessary. Each

is tested to meet the requirements of a 50-horse-power engine.

We use a clutch—to prevent gear clashing—which costs twice what others cost. We use 15 roller bearings and 190 drop forgings. We use over-size tires.

Reo the Fifth, with electric starter, used to cost \$1,395. Our latest model—the handsomest car ever went from this factory—cost \$1,175 equipped, f. o. b. factory.

We have saved this largely confining our output for years this single chassis. Now all special machinery for it has been charged against previous output, this item comes off from our price.

Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known "Mother's Friend."

This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments.

In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance.

Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in ease and comfort.

Anything that adds so much comfort must be counted as a blessing indeed. In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts.

It has been prepared in our laboratory for over four years and is known favorably to most druggists everywhere. Get a bottle to-day and write for book to Bradfield Regulator Co., 509 Lamar Bldg., Atlanta, Ga. Be sure to ask for and see that you get "Mother's Friend."

Do not accept a substitute. What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

May.

By WALT MASON.

This blooming month deserves all praise, and should inspire some poet's song; it ought to have two hundred days, and each day just a fortnight long. In May the winter chills are gone, and there's not heat enough to hurt, and we can play upon the lawn, or manufacture pies of dirt. The garden sassa we love is cheap, and we may have a full repast; the nights are cool, and we can sleep as slept Old Masters in the past. In May the flies are far between, and one can slumber in his bed, on Sunday morn, without a screen in which to hide his weary head. The chiggers and the bugs and bees are not yet organized for strife, and one may sit beneath the trees, and there enjoy a peaceful life. May is the resting place between the winter stress and summer strain; it keeps the two from meeting mixed, shields us from all kinds of pain. And now the girls are bending o'er their needles, morning, night and noon, and buying glad rags at the store, which they will wear as brides in June. And every one feels young and gay, existence is a cheerful thing; and he's a dead one who in May declines to smile and dance and sing.

MANY PRESBYTERIANS ARE READY FOR GENERAL ASSEMBLY

First Session of Big Chicago Meeting Will Open Tomorrow—Board of Missions Report Will Cause Much Discussion.

Chicago, Ill., May 19.—A large proportion of the 800 commissioners to the 126th annual meeting of the General Assembly of the Presbyterian church, which opens here Thursday, have already arrived in town, and the remainder are expected tomorrow. Accompanying the delegates are hundreds of visitors, representing the clergy and laity of the Presbyterian church throughout the country.

The sessions of the assembly will be held in the new \$750,000 edifice of the Fourth Presbyterian church, which is said to be the most beautiful Presbyterian church in the world. The pastor of the church is Dr. John Timothy Stone, who is the retiring moderator of the general assembly.

The most important business of the opening day will be the selection of a new moderator. The choice is still a matter of speculation, but it is certain to fall upon a cleric, sentiment in favor of a layman not being sufficiently advanced. Because of the precedent established last year in the election of Dr. Stone as moderator from the floor of the assembly, without any preliminary electioneering, no regular campaigns for the office have been inaugurated this year.

The reports of a score or more of committees are to be presented to the assembly, and the members of these are hard at work today completing their labors. These reports will cover the missionary, educational, publication and other activities of the church and the presentation of some of them is expected to be followed by lively discussion.

One of the matters that is expected to stir up considerable trouble is the interpretation of the report of the board of home missions presented last year. Advocates of the development of the churches in the rural districts interpret the report as authorizing the maintenance of the department of church and country life as long as there was need of urging pastors in country districts to become closely related to the every day life of the rural districts. On the other hand, many hold that the report favored the discontinuance of the department, that the funds might be used in the mining districts of the west and other sections of the country.

Inasmuch as there is a wide diversity of opinion concerning the proposals, looking toward the efficiency of the home mission board, even among the members of the missionary committees of the presbyteries, it is not expected that these will be accepted without a lengthy controversy. The feeling growing around the matter is more intense than has been the case in any other wide question for a number of years.

CANADIAN GOOD ROADS CONGRESS

Montreal, May 19.—Delegates from all parts of the Dominion and some from the United States were present today at the opening of the Canadian Good Roads Congress, meeting under the joint auspices of the Canadian Highway Association and the Canadian Automobile Federation. It is the first large gathering of its kind ever held in Canada, and the speakers who will be heard during the five days' session will include the most notable men of the country who have taken up the crusade for good roads.

The two main purposes of the congress are to decide in what way the vast sums now on appropriation for the construction and improvement of highways in the Dominion may be most efficiently expended, and to take steps for the formation of a permanent good roads organization which will meet periodically in different cities of the country.

In connection with the present gathering there is a large and comprehensive exhibition of roadmaking materials, roadmaking machinery and other things relating to the construction and maintenance of model highways. Each evening of the congress there is to be a display of moving pictures showing the various processes of road construction.

MERRITT BAND.

The Merritt Concert Band under the leadership of Geo. M. Graham, will make an auto tour of several towns in this vicinity next Saturday, largely to advertise the band, which is an excellent one, made up mostly of young men living in Merritt and vicinity.

They will be in this city first, using the band stand about one p. m., for an hour. From here they go to Woodson, then to Murrayville, Manchester and Winchester.

The band has made good progress since their organization and should have a large audience in the square Saturday.

The following are members of the band: G. M. Graham, leader; cornet players—Norman Campbell, Claude Jewsbury, Charles Chrisman, Norman Taylor, Gabe Chrisman, Allan Chrisman; trombone—Grove Grady; clarinets—Albert Campbell, Ed Baggis; alto—Roy Grady, Alda Harvey; bass—Bert Chrisman, Guy Grady; drums—Grant Hiler, Ray Harvey; baritone—Albert Morris; tenor—Carl Berry.

SOME THAT ARE GONE.

Abram Wood.

A little while ago the Journal told that Abram Wood had fared forth upon his last journey, city election night, April, 1874. I was going around the present Gilbert's corner—then the 1st Presbyterian church corner—to the 4th ward engine house, on West Morgan street. The 4th ward engine house was a polling place. It was a custom of many persons, in those days, interested in election returns to visit the polling places during or after the voting hours. On this mission I was going to see how things were in the 4th ward. Just on that corner I met "Jack" Wood—another man. I had run for alderman from the 2nd ward that day, as had Abram Wood for alderman from the 4th ward. I said to "Jack": "What kind of a looking fellow is Abe Wood?" "Jack" replied, "Here he is. You can see for yourself." That was where Abram Wood and I got acquainted. We served together that year in the council—that being the year of the women's crusades against liquor—each of us being elected as prohibition-Republicans. In that council were my colleagues Capt. Philip Lee, Major Wm. P. Callon and V. E. Higgins from the 1st ward; Dr. H. C. Stewart and Wm. Hackman from the 3rd ward, and Abram Wood and Andrew Jackson from the 4th ward; Joseph O. Keine being the mayor.

That council tore down the hitching posts on the Square and put up the iron fence and put down the brick pavement next to it, and put the fountain in the middle of the park. That year the streets were better kept than ever before, and the cemeteries had never been put in so good order before.

Mr. Wood was a member of the council for years, and he and I were members of the Board of Water Commissioners in 1882 and 1883. He was a member longer than that. He was a quiet, but very observing man and little escaped his notice. In September, 1893, Mr. Wood and I went together from Columbus, Nebraska to Portland, Oregon. There we met his sister and her husband, Mr. and Mrs. Benj. C. Mathews, and dined with them at their residence. Mr. Wood made quite a stay there. He was a "high up" Mason, and had gone to various parts of the country as a Masonic delegate. Few people realize the efficient work done for a community by competent mechanics, but Mr. Wood and his partner, Mr. Jas. L. Montgomery, put up many of the best and most notable buildings in Jacksonville. Among them were the Franklin school house, the State street church, the residences of William Brown, John A. Ayers and William S. Hook, and other buildings of importance.

As said before, Mr. Wood was a quiet man, and unpretentious, but he had traveled and thought, and was a well posted, loyal American—although he was born in old England.

John C. O'Neal.

Friday came the news that John C. O'Neal had "crossed the Divide" as they used to say out in the Rocky mountains. One who had any thing to do with Morgan county politics, or county conventions, for the past forty years, could not think of the stirring things enacted in this American experience without knowing John C. O'Neal from Pisgah precinct. He belonged to that clan of farmers like John Hill, Mr. Wayne and others who took a patriotic delight in taking part in political matters, in being a power in his community and the county, as well as the state, and such men were defenders of the faith, politically of Richard Yates, Ulysses S. Grant and Abraham Lincoln.

The fine men from the country did not care for office, but they did wish to see public places occupied by other good men, and they gave of their strength, their money, their time, and their heart's devotion to their native land. Such men were bulwarks of the Republic. It seemed too bad that Mr. O'Neal should have left the old farm in Morgan county, entered by his father. But the tender and touching story of his life printed in the paper at his Missouri home showed that he had made his mark there, and had shown himself a man there as here.

John C. McBride.

Mr. McBride was one of the boys in blue, as his biographical sketch has shown, but he was also a soldier in the army "which shall never call retreat."

I first knew him in the days when he clerked for Well & Bro., in their palmy days. But it was later that we met in a more personal way. During three or four revival meetings, one in the tent when Mr. Ostrom was the leader, another in the Tabernacle where Mr. Culpepper had charge, I was honored by being head usher. The various pastors joining in the movement gave me lists of their members who would act as ushers. John C. McBride was one of them, and he assisted me in two or three of the largest meetings.

Ushering may seem a light matter to the audiences, but by the time a man has been on his feet all day at his regular occupation, it is a true work of self-sacrifice and interest in a cause which will lead him to stand more or less of the time from 7 to 10 or 11 o'clock in the evenings. John C. McBride was one of the readiest, most reliable and dependable of all the men I had to do with in the capacity of usher. He had learned as a soldier to obey orders, and he did what all would not do, carried out the regulations necessary to seat and keep order when hundreds of people were concerned. He was always good natured and willing, and

George Hocking.

It is longer ago that George Hocking left our midst, but speaking of these great revival meetings reminds me that he was one of the most reliable and efficient helpers. I always felt more or less nervous about a panic or fire, and gave orders that the doors should be opened instantly in case of emergency. Mr. Hocking was one of the men I put in charge of a door and I cannot forget his fidelity and readiness to take a responsible place.

Putting on the Fat

Out on my farm I am giving a practical demonstration of what can be accomplished with the Wood's Grain Softener.

There are 43 cattle in the bunch. Each steer is getting a peck of corn daily. It is ground, cob and all and then cooked. In addition to the corn, each steer gets about nine pounds of clover hay a day and straw is near them all the time. A man with long experience, who has been watching these cattle, says they are putting on three to four pounds a day. They are sure making good money and the reason is that corn prepared in my cooker has far more nutriment value than fed in the ordinary way. Come and see these cattle.

SOME OFF-SIDE CHUTES.

Lena Blackburn since rejoining
the Sox this season has been hand-
ling his chums large chunks of talk
about the good things to eat the
denizens of his town, Palmyra, have
in continual service. His eloquence
concerning home-cooked corned
beef and cabbage appealed to Shano
Collins and Senator James Scott.
"Wait, fellows, until we go east; I
will take you up home and convince
you that at no place on earth is
Irish turkey dished up in such palat-
able style as it is by the home
folks in Palmyra." Lena is of
the opinion that in every bite mas-
ticated there was a home-run hit
for Shano, and for Death Valley
Jim, a feast of corned beef and cab-
bage meant the putting of the kib-
bosh on all opposing 300 hitters
who were destined to face him on
the present disastrous trip. Sun-
day being an off day in Philadel-
phia, Lena chaperoned Shano and
Jim over to Palmyra, where the
promised feast was spread. How the
turkey will affect Scott is not known
at this writing, but as to Shano,
when he faced Chief Bender on
Monday, there was not even a sacri-
fice hit in his system, while he ex-
perienced little difficulty in hending
the wood against atmosphere only in
his four trips to the pan.

Boston's Red Sox appear to have
snared Jennings' goat about as hand-
ily as Herzog's red legs have Mc-
Graw's.

Comiskey has closed the deal by
which Ily. Jasper becomes the
property of the Sox. Negotiations
were hanging until Monday, when
Rowland and Plasse, joint owners
of Jasper's Dubuque contract, were
in Chicago and that day formally
closed the negotiations. Manager
Plasse of Dubuque also is in quest
of two outfielders and should have
little trouble in having his desire
satisfied while in the Windy City.
Dubuque is just about the size of
the greater portion of the Sox out-
works.

Milwaukee again leads the Ameri-
can association. Tomorrow being
Thursday, it will be the Colonels'
turn to lead the van.

Piano Mover Flynk Smith, ex-
Sox, ex-Cincinnati, is getting ready
to jump the feds. He flopped from
Montreal to Baltimore this spring,
and now, according to press dis-
patches, he is preparing to get in out
of the impending dampness. On
Monday, he appeared in Montreal
and told Manager L'Heutenstein that
he was ready to jump back when-
ever the latter would guarantee "to
treat him right." The Pittsburgh
drayman has been hurling good ball
for Hanlon's outlaws (this spring,
and as Montreal is in dire need of
pitchers, there is likely to be no
hitch by the Royal's manager in
agreeing to "treat Frank right."

The management of the Indian-
apolis speedway have swallowed a
mild purgative and on Monday
recinded that oil ultimatum. The
French drivers, and all others, will
be allowed to go as far as they wish
with the castor oil. Thus endeth
that terrific tempest in tea kettle.

Ping Bodie on Tuesday again
became a mark for the sporting
sharpshooters. In the eighth in-
ning of Monday's game at Philadel-
phia the fence buster made one of
his familiar bingles, allowing
Schang a three-bagger on a miser-
able misjudgment of a fly into short
center. Demmitt's sharp relay pre-
vented a home run.

Big Jim Vaughn is hurling the
bes ball of his career this season.
In the last two games he has pitched
for the Cubs he allowed his op-
ponents but four hits—one in a
game last week and three in the bat-
tle with the Quakers Monday. The
Peerless Leader, since last fall, has
had many occasions to regret the
day he cut loose from the big "un."
Jim in his present form would be of
considerable assistance in the Yan-
kee's chase pannards.

Francis Ouimet started well, while
Jerome Travers was practically elimi-
nated in the opening rounds of the
British amateur golf tourney. Five
American qualified Monday.

Ritchie and Wolgast are "feeling
out the public" again. The light-
weight champion has announced
that if he "cannot" come to terms
with Freddie Welsh he is "willing
to give Wolgast a return match at
Milwaukee on July 4th." If the
"feel out" works satisfactory—and
there is little doubt that it will—it
will be the same old story: Get the
cushion, and get it as easily as pos-
sible without "mussing up your
hair."

The S. R. O. signs have been cast
into the ash heap by the eastern
Feds. On the present invasion the
western teams are playing to empty
seats as a rule. The newness of the
experiment has worn off and the
fans are said to be tight in the em-
brace of their old love.

To help along the jink now car-
ried by the Sox, Hal Chase's weak
ankle is again softening, while his
throwing hand is seriously injured.
The temperamental one refuses to go
on the hospital list in the hope that
his presence may assist to steady a
wobbling infield.

ACADEMY ALUMNAE REUNION.
Invitations have been sent out for
the reunion of the alumnae and for-
mer students of the Jacksonville
Female Academy and Conservatory
of Music and the Athenaeum, which
will be held Saturday, June 6, at
Academy hall. There will be a
business meeting at 4 o'clock in the
afternoon, a supper at 5:30 and a
program will follow the supper.

WORLD'S MARKET NEWS

STOCK MARKET SHOWS MARKED FIRMNESS IN FINAL DEALING

Late Buying is Accompanied by
Rumors of an Early Decision in the
Freight Rate Case.

New York, May 19.—Such tenden-
cies toward betterment as were mani-
fested by today's stock market in its
early stages were soon dispelled by a
number of adverse influences, includ-
ing the April report on foreign trade,
gold exports resulting in the highest
exchange rate for more than five
years and numerous crop reports
pointing to serious damage.

Marked firmness was shown in the
final dealings, however, and such net
changes as occurred were mainly in
the direction of gains. The late buy-
ing was accompanied by rumors of
an early decision in the freight rate
case.

ECZEMA ITCHED TERRIBLY ON HANDS

White Little Spots. Scratching Made Them Worse. Cuticura Soap and Ointment Cured.

1261 Marion Place, Chicago, Ill.—"I had eczema for four or five years. One day I came into the house and saw some white little spots coming out on my hands. A week later I saw that the spots began opening and in their places came deep holes. Later I took the form of some red little spots. Those spots itched me terribly and every night when I was asleep I always used to scratch and make the spots worse and made some new spots. The trouble caused loss of sleep. My hands cost my father a fortune.

"I used remedies for three and one-half years but they made me worse. I used Cuticura Soap and Ointment, which helped a little bit, but in a day or two it got worse; also. Later on I heard of Cuticura Soap and Ointment. I used Cuticura Soap and Ointment two times a day, in the morning and at night before going to sleep. Cuticura Soap and Ointment afforded relief in one or two weeks, and it only took two months before the cure was complete." (Signed) Clement Levinson, Nov. 22, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

LOSING HOPE WOMAN VERY ILL

Finally Restored To Health By Lydia E. Pinkham's Vegetable Compound.

Bellevue, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7 Bellevue, Ohio.

Woman's Precious Gift.
The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

MARKET LETTERS.

Chicago Market.
Chicago, May 18.—Oliver S. Green, with Walter Bros., U. S. Yard, Chicago, reports the estimated receipts for Monday, May 18:

Cattle—21,000.
Hogs—30,000.
Sheep—20,000.

The morning was bright and warm and cattle took good fills. From the indifference of buyers there was but one conclusion to arrive at early and that was a late and lower market and the prices paid were generally 10c lower. Some showing 15c decline. Lower priced grades escaped with the least loss, due in many cases to feeder competition.

Prime 1600 pound Hereford yearlings \$9.30, and fancy 1000 pound yearlings \$9.25. About 10 car loads yearlings, handy and good weights, \$9.00 to \$9.10. Bulk, \$8.50 and up class around 25c lower than one week ago. Plain to good killers, short feds, \$7.85 to \$8.35, with plain kinds down to \$7.50 and lower. She stock largely steady, with a better demand than good to choice steer heaves. Bulls largely steady. Calves 25c under recent high range. Fleshy feeders 10c lower. Light stock steers hold steady.

Fat cows, \$5.15 to \$7.80. Heifers, \$5.85 to \$8.80. Bulls, \$5.75 to \$7.50. Choice yearling bulls, \$7.50 to \$7.75.

Common heavy calves to good vealers, \$6.25 to \$10.25. Choice to prime vealers, \$10.50 to \$10.75.

Inferior stockers to good feeders, \$6.50 to \$8.25. Choice 1000 pound feeders, \$8.25 to \$8.40.

Choice young bred steers, \$8.35 to \$8.65. Decent to good light steers, \$7.90 to \$8.25. Plain to good light heifers, \$7.00 to \$7.50.

Common to good feeding cows, \$6.25 to \$6.50. Choice, \$6.75 to \$7.00.

Hogs, strong to higher, top \$8.60. Range narrow; bulk offerings \$8.45 to \$8.55. Mixed packing, \$8.25 to \$8.47 1/2. Mediums and butchers, \$8.47 1/2 to \$8.50.

Poor to good heavy packing, \$8.20 to \$8.40. Select packing and shipping, \$8.42 1/2 to \$8.60.

Light weights, \$8.32 1/2 to \$8.52 1/2. Pigs and throw outs, \$2.50 to \$8.85.

The sheep and lamb market opened with bids lower, but trade became more active later and prices full steady with last week's close.

Sheep and yearlings, \$4.00 to \$6.00. Shorn yearlings, \$6.75 to \$7.50. Shorn western ewes, \$4.50 to \$6.00.

Shorn bucks, \$4.00 to \$5.50. Spring lambs, \$7.00 to \$9.50. Shorn native lambs, \$6.00 to \$8.25.

Shorn Colorado lambs, \$8.05 to \$8.50. Colorado lambs, \$8.25 to \$9.45. Shorn western lambs, \$6.00 to \$8.50.

Kansas City Market.
Kansas City Stock Yards, May 18.—Purchases of stockers and feeders here last week again exhibited a good increase over buying of a year ago. Topsy stock steers brought \$8.25 to \$8.35, and a few sold at \$8.50 and \$8.60, the extreme top cattle going to northwestern Iowa grazing lands. A year ago the best stockers sold at \$8.15 to \$8.25. A notable feature this year is the great preponderance of light weight cattle going out. Shipments of stockers and feeders last week averaged 41 head to the car, while a year ago during the same week the average car was 31 head. There is some trade in feeding grades; steers weighing 1075 pounds going to Missouri last week at \$8.00. Receipts today were 8,000 cattle; market weak to 10c lower on killers, and 10 to 25c lower on stockers and feeders. A break in prices of stockers and feeders due about this time every year, but conditions have not led up to it this year in the customary way, if this is it, for everything was well cleaned up last week without any noticeable reduction in prices and some others remained unfilled. Missouri men bought 950 pound steers today at \$7.60 to \$7.85, for a course on corn and blue grass. Most of the stock steers sold at \$7.15 to \$8.00, and feeders at \$7.50 to \$7.80. Kansas pasture men are still buying stockers here as high as \$8.25 and heavier steers up to \$7.75. There is a great demand for good to choice cattle. A Kansas man, after paying \$8.35 for some 846 pound steers, said: "That price looks a little steep for steers to take out and graze a while, and then feed out, but I have never made any money handling the common kind, so I will keep right on feeding the high grade kind." East St. Louis speculators have been buying a good many cheap stockers here lately, which find sale at that market to southern Illinois, southern Missouri and Mississippi cattlemen. An Ohio man bought 45 head of choice Shorthorn yearlings at \$8.35, 589 pounds average, which will be turned on grass till fall, and then fed for the midwinter baby beef market. J. A. Rickart, Market Correspondent.

EAST ST. LOUIS LIVESTOCK MARKET.
National Stock Yards, Ill., May 18.—Cattle receipts today 4,500, equally divided between natives and southern. The good beef steers were scarce, market on this kind about steady. Yearling steers and butcher heifers where light weights and well finished sold steady, all other kind show 10 to 15c lower. Same decline applies on cows, except on the canners and cutters which are steady. Very nominal supply of stockers and feeders and with a good demand from

all sources the market was active and steady. We look for about a steady trade the balance of the week.

Hogs.
The supply of hogs today was less than 8,000, the market was active and 5c higher top \$8.60. Most of the good hogs sold \$8.50 or better, fair to good mixed \$8.30 to \$8.55; rough packers sold around 8c; good weight pigs 8c to \$8.25; light pigs 7c to \$7.85. Look for about a steady market the next few days.—Blakely-Sanders-Mann Co.

CONFERENCE ON WEIGHTS AND MEASURES.
Washington, D. C., May 19.—The ninth annual conference on the weights and measures of the United States will meet at the bureau of standards in this city tomorrow for a session of three days. Weights and measures officials from every section of the country will be in attendance. When the first conference of the kind was held in 1905 only two States had weights and measures departments. Now twenty-eight States are provided with such departments. Install Special Wire.

Washington, May 19.—A special telegraph wire from the headquarters of the American representatives to the mediation conference at Niagara Falls to the white house was installed during the day and preparations were made for keeping the president in close touch with every step of the proceedings.

President Wilson and the cabinet had a general discussion of conditions but there were no notable developments relating to Mexico. In the senate a brief debate was precipitated when Senator Williams of Mississippi read a letter from a government official at Vera Cruz whose identity he withheld, stating that "the noblest things in Mexico were American dollars."

Anxiety over the persistent lack of information as to American Consul John R. Silliman at Saltillo and the ten members of the Smith family reported held at Tonala, Chihuahua continued at the state department and diplomatic efforts to secure definite reports were pressed.

Dispatches to the navy department made it clear that the Mexican federalists fleeing from defeat at Tampico had left the oil fields about that city. Read-Admiral Badger reported that between 7,000 and 4,000 troops under General Zarazosa had stopped at Panuco City, another oil center but later evacuated that town. The oil wells were left unharmed.

Oil operations are now returning to resume operations in the Tampico field, where all is reported quiet.

LITERBERRY.

Greetings to the Journal and readers: We have been down and out with a severe illness for seven weeks, but have not forgotten our many friends in Literberry and surrounding country; also in the Bend and Arenzville. We thank all who were so kind and helpful to us. Literberry is certainly a good place to be when one is stricken by illness.

The people all are kind hearted, sympathetic and helpful; willing to do anything in their power for their neighbors. We did not want for attention, nor for the delicacies to eat, for they seem to have a desire to furnish one with good things, and our stand table was always loaded. We gave them fair warning that they were spoiling us and told Mrs. W. E. Murray the other day, when she came with a fine dinner of lake trout, done to a turn, that there was great danger of one laying down on the good people of the town for a whole summer. We extend our hearty thanks to all, and especially to the families of S. H. Crum and J. M. Litter, for the many favors bestowed on us, among which is the garden making.

We were very fortunate in having Mr. Billy Juniper for our nurse. He is a first class nurse and a Christian gentleman, careful and watchful, always on duty.

Mr. and Mrs. Atherton of Jacksonville, Mr. and Mrs. Manchester of Washington, D. C., came out in their Maxwell car Sunday afternoon for a visit at Shady Lawn.

"The Towers," at the corner of Peoria boulevard and Chicago avenue, has been beautifully dressed in a spring suit of the latest style of painting by Jesse Litter's men. The proprietor, G. T. Litter, steps lively and seems to enjoy the improvement as much as anybody.

Mr. and Mrs. W. E. Murray went to Jacksonville Sunday to visit Mr. Murray's mother, Mrs. Henry Johnson.

J. A. Weeks of Arenzville came into town Friday, like a ray of sunshine. He is so amiable and sunny in disposition, "Weeks" is a good talker and we are always glad to see him.

Aunt Sarah Collins is able to walk down town Thursday and spent Thursday with her sister, Aunt Lizzie Litter, on West Capitol street.

Mrs. Charles Mullens is convalescing.

Miss Annael Crum was a caller at Sunshine cottage Wednesday evening.

W. B. Rexroat and family were taking the air Sunday evening, and in their ramblings took in Literberry, and Mr. Rexroat came in to see us for a short visit.

Mr. and Mrs. Othie Holt and children of Lone Oak came up Sunday afternoon and made a visit at "Sunshine."

Mr. and Mrs. M. O. Petefish were at our office Sunday evening; also Mrs. J. M. Litter.

Sickness is scarce in our burg now and the mumps have run out; you couldn't get the mumps down here if you wanted them ever so bad.

The Literberry M. E. society met in regular session last Wednesday at the hospitable home of Mr. and Mrs. Ellis Thompson, Mrs. Thompson, hostess. After devotional exercises, business was transacted and the meeting turned into a sewing circle; garments were cut and fashioned into all kinds of shape. Some were sold on the spot and orders were taken for a number, while the remainder will appear on sale at the annual bazaar, which comes off in the summer. Delicious refreshments were served in three courses to 26 ladies and 10 children. A good offering was taken and the meeting adjourned to meet with Mrs. Ruth Henderson in June. Mrs. Thompson was pronounced a splendid hostess by the society.

HUNDREDS SEE GREEK DRAMA ON ILLINOIS COLLEGE CAMPUS

The Electra of Sophocles Presented Under Auspices of Classical Club of Jacksonville—Five Schools Co-operate in Production.

Over seven hundred people assembled Tuesday afternoon on the campus of Illinois college to see the first amateur Greek dramatic performance under auspices of the Classical club of Jacksonville. The Electra of Sophocles. So well was the play presented that many characterized it as one of the best amateur performances ever seen in Jacksonville. Pupils of five educational institutions co-operated to make the play a success. The Illinois Woman's college, Illinois college, The Conservatory, the College of Music and the Jacksonville High school. In charge of the play were Prof. Rollin H. Tanner of Illinois college, Miss Sophronia Kent of the High school and Miss Grace Cowgill of the Woman's college. Miss Mary Johnston and Mrs. Coleman of the Woman's college and Miss Helen Robinson, assisted in the training of the chorus and in general preparation for the play.

The speaking parts were taken by Illinois college students and Illinois Woman's college girls made up the chorus. Representatives of all the schools had a part in the orchestra. The music was composed especially for the play by Miss Carrie Dunlap and with its minor chanting quality was well adapted to the tragic theme of the author. So true to the classical models was the scenery that it needed only the blue Aegean and the wonderful sky of Greece to have made the illusion complete.

The Story of Electra.
The Electra is a drama of the times of ancient Troy. Agamemnon, the king of Mycenae, is absent fighting the battles of Greece against the Trojans. On his return he finds the usurper, Aegisthus, on the throne who plots with his faithless wife, Queen Clytemnestra, for his destruction. He is trapped and murdered at a banquet, but years afterward is avenged by his faithful son Orestes whom the conspirators also sought to slay but who was stolen away by his sister Electra and brought up in Phocis by Paedagogus, a friendly shepherd. Given up for dead, Orestes returns, slays his wicked mother and the usurping Aegisthus, delivering the faithful Electra and avenging Agamemnon. The play opens with the entrance of an aged priest attended by two lads bearing a torch and an offering of wine for Dionysus. From this point the assembly was attentive to every word and movement in the play.

The star roles were taken by Miss Rebecca Scheibel as Electra, Henry Caldwell as Orestes. Miss Scheibel's portrayal of Electra could hardly have been surpassed. Her power of expressing sustained emotion was remarkable and she appeared in the scenes of prolonged mourning and grief with excellent effect. Mr. Caldwell has a voice of excellent range and modulation and he entered into the part of Orestes, the deliverer, with graceful ease, sustained power and perfect abandon. He has won laurels as a member of the Dramatic club and as an amateur of promise, he stands among the first.

Played Parts Well.
Miss Grace McLaughlin took the part of Chrysothemis, a sister of Electra, who would have been her friend but possessed not the depth of feeling to carry out her sister's avenging purpose. Miss Irene Moore as Clytemnestra was dignified and quietly but haughty and vindictive as she showered abuse upon the proud Electra. With excellent voice and perfect poise, Edward Bullard acted Paedagogus, the old servant of Orestes. Aegisthus the king was fiery tempered and strong-willed. His part was taken with great ability by Thomas Mangner. Royal Davis as Pylades spoke his lines well as did Miss Essie Sommers as Coryphaeus, the leader of the chorus. J. Wilson Akers, Sol Weber, Floyd Davis, Robert Butcher, Clyde Land, Allen Smith, Miss Elizabeth Struck and Miss Beulah Ennis, did their parts well, with exact comprehension of the plan of the play. Kenneth Berry, the man as Auletes, the piper for the chorus, made an attractive character with his quaint shepherd garb and flower entwined hair. The other members of the chorus were Misses Ruth Brown, Hallie Clem, Ruth Clements, Naomi Davis, Blanche Day, Beatrice Goss, Edith Heit, Alice Herren, Louise Hughes, Eloise Jacobs, Marian Newlin, Johanna Onken, Nina Slaten and Phyllis Wilkinson.

Too much commendation could not be given the accompanying orchestra. They interpreted the special music well and with their excellent rendition of the several interludes added greatly to the success of the play. The chorus numbers, so well interpreted, were large factors also in the drama's success. The membership of the orchestra follows:

Conductor—Mr. William Kritch.
Pianist—Miss Freda Fenton.
Flute—Mr. M. E. Gilbert.
First Violins—Mrs. Frank Bode, Miss Eloise Capps, Mr. H. Dean Cochran, Miss Mabel J. Forrester, Miss Helen R. Harrison, Miss Beulah F. Hartsuck, Mr. George Prouditt, Miss Helen B. Sorrells.

Second Violins—Messrs. Harlow Brown, Earl Briscoe, Harold Dunlap, Frank Gruenewald, Karl Hill, Robbins Russell, Dean Winchester.
Violas—Miss Carrie Dunlap, Miss Sallie Harton.
Cellos—Mr. Viggo Jensen, Mr. Paul Morrison.

The Patronesses.
Following are the patronesses of this second play under the auspices of the Classical club, which compared so favorably to the appearance of the Coburn Players last year:

Mrs. A. J. Adams, Mrs. C. E. Black, Mrs. F. E. Baldwin, Mrs. H. H. Bancroft, Mrs. H. B. Brady, Mrs. O. F. Buefle, Mrs. A. B. Burr, Mrs. A. T. Capps, Mrs. H. M. Capps, Mrs. W. T. Capps, Mrs. T. P. Carter, Mrs. H. F. Carriel, Mrs. L. W. Chambers, Mrs. C. E. Cole, Mrs. E. E. Crabtree, Mrs. C. C. Cochran, Dr. Grace Dewey, Miss

It takes more than a piece of chalk and a tape-line to produce originality in clothes.

That's why some makers find their styles such a hit-and-miss proposition. True style must be genuine throughout—not a mere echo of someone else's genius.

"Society Brand"
Clothes have won the custom of punctiliously dressed men, simply because their style sparkles with the force and personality of a master-designer.
